

NCBC FUNDRAISING

Coaching sessions ~ £30 each

Great coaching is the only way to produce great results, so we are passionate about providing the best coaching we can for our crews. With such a huge number of rowers in our club now, we are always looking to provide more coached sessions, and more competitive salaries!

CoxOrbs ~ £685 each

The CoxOrb is an essential part of rowing equipment and our current collection are significantly outdated and partially broken, so new additions are desperately needed

SpeedCoach ~ £300

A SpeedCoach would provide huge benefits in maintaining the high performance of the club, giving the rower in stroke seat the ability to constantly monitor their rate and split during racing

External regattas ~ £100 per boat

NCBC are keen to enter more external regattas to really stretch our crews, which comes with the cost of British Rowing memberships, entry fees and trailering

Captains and Blues boards ~ £300

The captains and blues boards in the boathouse have not been updated for several years. We would love to complete the boards up to the current committee, which will include the purchase of a new captains board

W2 trophy blade - £280

W2 achieved blades in Summer Torpids 2021 and therefore the club would like to purchase one of these blades for the boathouse

There is also a range of essential boat equipment that donations will go towards:

- Boat shoes ~ £100 pair
- Fins and rudders ~ £30 each
- Trestles ~ £100 pair
- Speaker ~ £48 each
