The table below gives a summary of the eligibility requirements for each fee status:

<table>
<thead>
<tr>
<th>Where you usually live</th>
<th>Your passport or visa status</th>
<th>Your fee status</th>
</tr>
</thead>

</table>

If you are unsure of your fee status, you can request an assessment from the University (student.fees@admin.ox.ac.uk). If you wish to receive financial support from the UK government, your fee status will also be automatically assessed by your regional funding agency.

FINANCIAL DECLARATION

You will be required to complete a financial declaration in order to have your place at Oxford confirmed. Your college will be able to advise you about what information is required.
**HOME AND EU STUDENTS**

If you are a Home or EU student the course fees for 2019 will be £9,250. All Home and EU students studying for their first undergraduate degree can access a tuition fee loan from the UK government for the full amount of their course fees and do not need to pay anything upfront.

If you do not wish to access a tuition fee loan, you will need to pay the full amount of your fee to your college at the start of each academic year.

See pages 7 and 8 for information about applying for a tuition fee loan to cover your course fees.

**ALL OTHER STUDENTS**

If you do not have Home or EU fee status, you will not be eligible for a tuition fee loan from the UK government. Overseas students will also be charged a different level of course fees.

**CHANGES TO FEES**

The University caps the amount by which it can increase its fees annually. More information about the amount of the cap and how the increase is calculated is available at [www.ox.ac.uk/ffchanges-fees](http://www.ox.ac.uk/ffchanges-fees). For Home and EU undergraduate students, course fees are also subject to a governmental fee cap and will not increase above the level of the fee cap, which is subject to annual review.

**MEDICAL STUDENTS**

Home and EU students on the six year medicine course have different arrangements for course fees in years five and six, as their fees are covered by the NHS. Visit [www.ox.ac.uk/funding](http://www.ox.ac.uk/funding) for more information.

*Medical students with Islands fee status should note that the course fees for the clinical years of their course will be considerably higher.*
LIVING COSTS

Living costs will vary significantly dependent on your lifestyle, but in 2019 these are estimated to be between £1,058 and £1,643 per month. This range is based on a single student with no dependants living in college accommodation (including utility bills). Undergraduate courses usually consist of three terms of eight weeks each, but as a guide you may wish to budget over a nine-month period to ensure you also have sufficient funds during the holidays to meet essential costs.

### ADDITIONAL COSTS

You may need to make additional provision for costs such as a student visa, international travel to and from Oxford and fieldwork. If you have dependants you will also need to consider separate costs related to your family. For information on course costs please visit [www.ox.ac.uk/courses](http://www.ox.ac.uk/courses).

### MORITZ-HEYMAN SCHOLARSHIPS

All UK resident students studying for their first undergraduate degree with a household income of £16,000 or less will be offered a Moritz-Heyman Scholarship from early September 2019. These scholarships provide a £3,700 annual bursary, a £3,000 reduction in fees for each year of the course, as well as access to an additional internship bursary. Scholars are required to take part in volunteering activities during the year. For more information about the Scholarship, visit [www.ox.ac.uk/mh](http://www.ox.ac.uk/mh).

### PREVIOUS STUDY

Home and EU students who have already completed a previous undergraduate programme of study will be classed as an Equivalent or Lower Qualification (ELQ) student for funding purposes and may not be eligible for UK government or Oxford financial support. See [ox.ac.uk/elq](http://ox.ac.uk/elq) for further details.
SUPPORT FROM THE UK GOVERNMENT

All Home students are eligible to apply for funding from the UK government towards their living costs although the amounts will vary by UK region. A basic level of maintenance loan is available to all Home students irrespective of household income. Students can also access a higher level of maintenance support based on their household income. UK government loan repayments are combined into a single amount which only becomes repayable once you have left your course.

MEDICAL STUDENTS

Home students on the six year medicine course have different funding arrangements in years five and six, as they are eligible to apply for living costs support from the NHS and the UK government. Visit www.ox.ac.uk/funding for more information.

**Confirmed support figures for all UK regions are expected to be published by spring 2019 and will be added to www.ox.ac.uk/funding as soon as they are available.**

US AND CANADIAN STUDENTS

Students from the US/Canada can apply for student loans to help with fees and living costs.
Applying for Oxford and UK Government Support

Applications for support from the UK government are processed by regional funding agencies. Anyone supporting your application, such as parents, will also need to set up their own online account to provide information for your assessment.

**England:** Student Finance England  
[www.gov.uk/student-finance](http://www.gov.uk/student-finance)

**Scotland:** Student Awards Agency for Scotland

**How do I ensure that my household income is assessed?**

If you want to be financially assessed, you and any adults you live with will need to complete a financial assessment as part of the application. During this process your household income is calculated. Although much of the process is automated you may need to provide additional information to support your assessment.

**How is my household income calculated?**

The financial assessment will look at your household income for the last full tax year. For students starting their studies in 2019, this means that information from the 2017/18 tax year will be used. If this does not reflect your current financial situation, you might be able to undergo a current year assessment. You must first apply in the normal way based on the 2017/18 tax year. Please note that your household income must have dropped by at least 15% (5% in Northern Ireland) since the 2017/18 tax year.

**What happens once my assessment is complete?**

Once your assessment has been completed, your regional funding agency will notify you of the support you will receive.

**How do I apply for an Oxford Bursary or Moritz-Heyman Scholarship?**

There is no separate application process for an Oxford Bursary or Moritz-Heyman Scholarship as this is based on the household income assessment carried out by your regional funding agency. Please ensure you give consent to share your financial details with the University as part of your application, as this is how we gain access to the information required to assess you for support from Oxford.

**When will I find out if I have been awarded an Oxford Bursary or Moritz-Heyman Scholarship?**

Students who are eligible will be notified from September 2019.

KEY POINTS TO REMEMBER

- If you want to receive support from the UK government you have to apply for it.

- Apply online as soon as possible to ensure that the funding is in place for the start of your course.

- If you only want to apply for the minimum level of support (tuition fee loan and basic maintenance loan), you don’t need to be means tested and won’t need to provide your household income.

- If you want to be assessed for the maximum level of support available to you, you must be means tested and provide your household income. This will also allow you to be assessed for bursaries provided by Oxford.

- If you don’t apply to be means tested by your regional funding agency, you will be automatically ineligible for bursaries from Oxford.

- Answer queries from your regional funding agency promptly if they require additional information regarding your application.

- Keep a record of your application and any correspondence with your regional funding agency. This will be invaluable if you have any difficulties with your application.

- Make sure that your contact details are kept up to date. All correspondence will be sent to the address you register with your regional funding agency including your bursary notifications.
