

# A NEW KIND OF MURDER

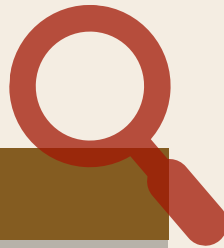

## NEW COLLEGE MURDER MYSTERY

By Paula Larsson

Last week the Warden held a special meeting for all students. He informed the college that all society meetings would be forbidden for the rest of the year. He was determined to put a stop to any secret society meetings, without exception.

Today he was found dead in the tower.

### HOW TO PLAY:

You must successfully discover the murderer. On the next page you will find 5 clickable buttons that will take you to different maps of New College. You will be able to explore the college grounds and search for clues which have been left behind by the various suspects. There are 5 suspects in this case:

**Benni Factor**  
**Jay Walker**

**Eve Stropper**  
**Cliph Hanger**

**Mist Tifide**

The final stop will take you to an accusation page where you can submit your guess. Be sure to look everywhere while you explore the map so that you don't miss a clue! But be careful - there are some misleading clues that may take you in the wrong direction....

### Please Note:

The storyline, characters, and clues are all fictional, created specifically for the purpose of this game.

A special thanks to our Warden, Miles Young, who enthusiastically posed for the pictures!
