

### **The provision of Accompanists for University Examinations**

At the College Meeting of 6 May 2026, the College agreed to support the provision of Accompanists for University Examinations, at a cost of £80 per student (for Prelims) and £150 per student (for Schools).

The provision is designed to cover the cost of one rehearsal and the examination itself. If you wish to have more time or employ a more expensive accompanist you are welcome to do so, but at your own cost.

#### **To note:**

- 1) finding an accompanist and organising rehearsal sessions are the candidate's responsibility.
- 2) do not waste rehearsal time with the accompanist with initial run-throughs and other basic preparation.
- 3) rehearsal time should be occupied with you and your accompanist familiarising yourselves with the performance for the examination.
- 4) claim forms should be completed and submitted to the Bursary before the start of the summer vacation.
