

A SELECTION OF HOTELS AND GUEST HOUSES IN OXFORD

Please note that this list is not exhaustive and inclusion of an establishment is not a recommendation by the Symposium organisers. Postcode OX1 is nearest to the city centre and to New College, but hotels in that area tend to be very expensive. Postcode OX2 lies between the city centre and Summertown (North Oxford): much of it is within walking distance and there are also good bus services to and from the city centre.

Do check details when making a reservation as prices and conditions are liable to change, and no responsibility will be accepted for errors or omissions.

Oxford is very busy during the Easter season, so early booking is recommended.

Note: if phoning from overseas, telephone numbers are +44 (0) 1865...
